Gelfire Bowls

A veritable feast of fire and light, the Gelfire Bowl adds drama to a dining table, welcoming warmth to an entrance way, and excitement as you enjoy evening cocktails al fresco.

Now you can have the romance and decorative magic of open fires both indoors and outside. Choose two Gelfire Bowls to welcome guests at your front entrance, another to beckon them to dine, and then invite everyone out-of-doors for after sundown gatherings around the illuminating firelight.

Gelfire Bowls are made of high-fired textured ceramic and will burn for 3 - 4 hours on one 13-oz. filling.

They come in five colors (as shown at right):

- Sand
- Black
- Blue
- Turquoise
- Terracotta.

Each Gelfire Bowl measures 6-1/2" h x 10" in diameter and weighs 12 lbs.

Included with each bowl are a 17 oz. can of fuel, two 1 liter refill bottles, and a "snuffer" to easily put out the fire.

Price: \$220 per Gelfire Bowl

\$20 for gallon refills.
