Cook Up a Storm with Wittus Products

Wittus has some striking outdoor products that are perfect for Summer. The Happy Pizza oven from Italy, The Phoenix & Firebird outdoor grills, and the Faltovn camp stove from Holland are all amazing cooking tools. There is nothing that compares to the taste of food prepared on a wood burning fire and these products are the perfect combination of form and function.

Easy Pizza Recipe

Ingredients

1 pound pizza dough
1 pound (2 large) ripe summer tomatoes
¼ cup loosely packed basil, julienned
8 oz. mozzarella cheese, sliced

Directions

Heat pizza oven to 550°. Divide dough in half and shape into 10" rounds, set aside. Cut the tomatoes into slices and drain. Mix tomatoes and basil until blended and spread over prepared dough. Top with mozzarella and bake for 5-8 min. or until brown and the cheese is bubbling.

Benefits of a Showroom Visit

Many customers want to see the products before they make a purchase. When shoppers visit a Wittus showroom they get hands-on knowledge of the product choices available to them. It is a very important step that can lead to a sale. When you bring your customers to a well-organized space it really shows that you care. *Shown here is the Shaker stove in the Wittus showroom.

Solarize Lewisboro-Pound Ridge

Wittus has a genuine concern for a "green" planet and our products meet the high standards for both safety and efficiency. Solar energy is an option that can bring about positive change.

This April, Wittus hosted Solarize Lewisboro-Pound Ridge in our showroom. This program utilized special pricing, town supported education and outreach to offer quality solar electric systems at a reduced cost. Go to our Facebook page (accessed from our homepage) for more info and event photos.
