The Season is on Fire This Fall

It's the perfect time to be outside and its even more exciting when you have the capabilities of cooking on-the-go. The Faltovn Camp Stove is a portable product that only weighs 22lbs. and it

packs up nicely into a carrying bag that is available in leather or canvas. Designed by Harrie Leenders of the Netherlands and sold in the USA through Wittus. *Contact us for special sale prices while supplies last.*

Hancock Shaker Village Shop Display

The Hancock Shaker Village, located in Pittsfield, MA is now the happy home of the long bench Shaker stove. Beautifully displayed among other Shaker items in the museum shop (shown at right).

Come and visit the Wittus showroom and see the shaker stove displayed in a creative way. Our display includes a Shaker style rocking chair, a pitch fork and the Shaker stove (shown at left).

Wood Stove Design Challenge 2017

The Alliance for Green Heat has announced the fourth Wood Stove Design Challenge, returning to the national Mall in Washington, DC in November 2018. The event will be free and open to the public and includes rigorous testing of the next generation of 21st century technology that can make wood stoves cleaner, more efficient and easier to use. The first event will focus on stoves automated with sensors and WIFI-enabled controls, and the second competition will focus on thermoelectric wood stoves that generate electricity to power lights, cell phones and WIFI. Wittus will be testing the e-stove from ETE EmTechEngineering, Germany. Stay tuned for more info or go to www.forgreenheat.com.

One Stop Shopping with Style

"Fire pits are perfect for s'mores and parties, and they may even make your home more attractive to buyers if you decide to sell." If you've been thinking of adding a fire pit to your yard now is the time to consider a Wittus outdoor grill. What's better than a grill / fire pit to light up your back yard.

~Westchester Magazine

Wittus Firebird & Phoenix Grills

Wittus' collection of outdoor products has grown! The Phoenix and Firebird grills are amazing cooking tools that are designed with the beauty of nature in mind. These grills can be placed in a garden as a sculptural accent / firepit or used in an already existing outdoor cooking area. Crafted from cor-ten steel, which takes on a natural patina when exposed to the elements. Both grills are in stock and ready to ship.

Pellet Stove Heat at Its Best

Wittus Pellet stoves from MCZ spa, Italy are automated heat at its best. Available in five distinct models with features that include: pre-programmed user selections; a self-cleaning burner box; easily removable ash drawer; a large hopper capacity and more. Not only are they easy to operate they are also a dependable, cost effective heat source. *Ego white*
