

Wittus Certification for Products Eligible for Tax Credit

The thermal efficiency of the following Wittus - Fire by Design Woodburning stoves have been determined to be greater than 75% and comply with the tax credit guidance published by the U.S. Internal Revenue Service (IRS) on June 1, 2009, (Notice 2009-53).

Therefore their purchase and installation costs can qualify for the 30% tax credit up to a maximum of \$1,500 that were authorized for biomass-burning home heating stoves by the Economic Recovery and Reinvestment Act of 2009.

Wittus qualifying models:
